Directions:

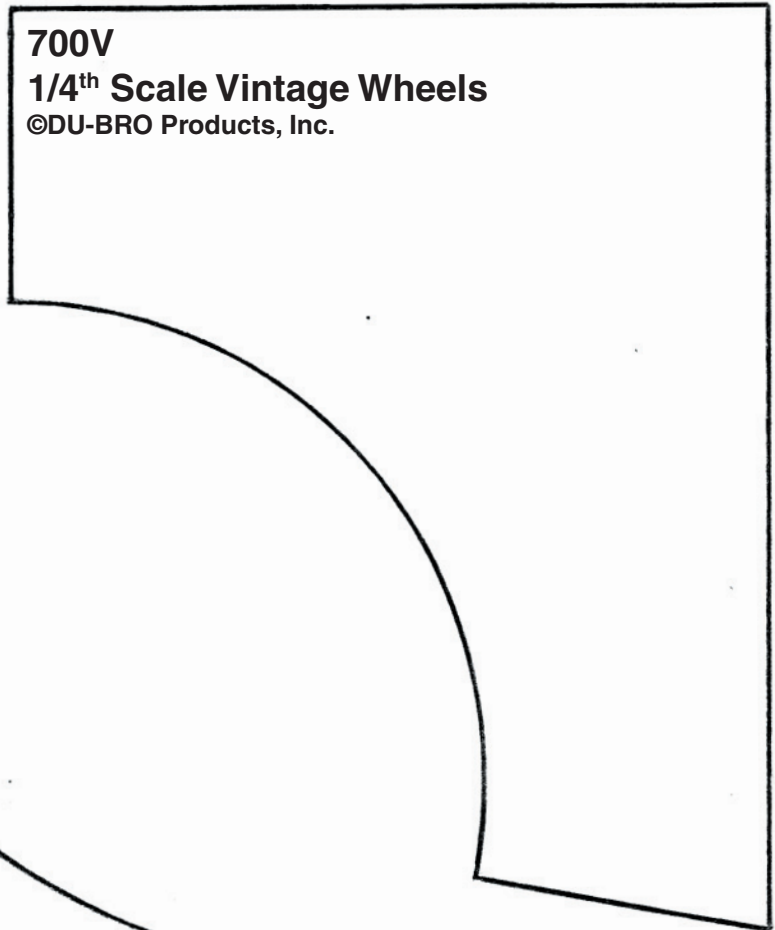

Print (4) copies of this template and cut out along each “quarter’s” black outline for the size tire you are painting. Take (4) quarters after cutting out, and arrange so that they overlap each other slightly and position under the rim edge of the hub as shown in Fig. 2. Repeat for other side of tire when side one is complete.

NOTE: Images are actual size. When printing, do not allow your printer to “Scale to Fit” or reduce the size in any way.
